We at Modern Disposal, Inc., are a locally owned, small business, which has been servicing Wood County since 1991. We pride ourselves on providing great, reliable service at a fair price.

We are excited for this opportunity to service the residents of Lake Township for all your trash disposal needs. Please note the below pricing is good through for one year from 2/1/23 – 2/1/24 with the exception of a major landfill increase, or if diesel fuel should exceed \$6.00 per gallon. If this should happen, you will be notified accordingly of the price increase.

*No tires, paint, chemicals, yard waste allowed

*Dog & cat pet waste should be bagged & tied to ensure complete emptying of the can and that our workers are protected.

*No household demo.

We will process quarterly billing on 4/7/23 for May, June, July service, 7/7/23 for August, September, October service, 10/7/23 for November, December, January service. Payment is due net 30 days from date of invoice.

Extra Charges/Bulk Item Cost

- Cans/bags over normal weekly amount \$1.50 each
- Small furniture items \$10.00 each
(stuffed chairs/non reclining, table & chairs, small dressers, etc)
- Large items \$15.00 each
(reclining chairs, couches, sectionals, appliances)
- Mattresses \$25.00 each
- Box springs \$10.00 each
- Home demo (Priced on individual basis)

Must call 24 business hours in advance of normal pick up day.

As for recycling, we currently do not offer recycling or yard waste service in this area at this present time. However we are watching and listening to see what the response is. It is very expensive to do recycling in this economy. We would need another truck along with crew, and the processing fee is usually around 3x what the landfill rate is.

Our plan is to divide the township up into four areas with Monday, Tuesday, Wednesday, & Thursday being the pick up days based on your location. A map of each area will be available soon. This will help keep our service timely since we don't know exactly how many residents will sign up with us yet. We will be able to cover all streets in the township so anyone can get service from us.
