Dear Customer,

Your community officials selected Archer Energy as its retail supplier for its natural gas aggregation program. Recently, TC Energy, the largest pipeline serving our region, filed a rate case with the Federal Energy Regulatory Committee ("FERC") substantially increasing costs; this is a regulatory event under our agreement with your community. The new standard default rate for Columbia Gas is increasing from NYMEX + \$0.166 per Ccf from April 2024 – March 2025 to NYMEX + \$0.325 per Ccf from April 2025 – March 2026.

We have good news, though, your community officials successfully renegotiated with Archer Energy to provide a variable price program that is a monthly **rate of the NYMEX last day settle price plus \$0.3099 per Ccf through May 2026. This rate is lower than the rate offered by Columbia Gas of Ohio and will immediately save you money!** Columbia Gas of Ohio is still your utility and will continue to bill and service your account. You will continue to be eligible for the same programs you are eligible for now through Columbia Gas of Ohio and they will continue to deliver gas safely and reliably to your home or business.

Municipal Aggregation Commonly Asked Questions

What is Municipal Aggregation?

Municipal Aggregations are when a group of customers or entire communities join together to combine their purchasing power. The process of aggregation can generate products for communities that are more favorable than an individual customer could achieve.

Who is Archer Energy?

Archer Energy is a leading retail supplier of electricity and natural gas and is licensed by the Public Utilities Commission of Ohio and approved by the utility.

What is the aggregation program rate?

The aggregation rate and term can be found on the offering as well as the attached terms and conditions.

Will I receive a separate bill from Archer?

No, the utility will continue to bill you for its services as well as Archer's service. You will pay the utility and the utility will remit our portion to us.

How do I enroll?

Eligible residential or business customers will be automatically enrolled in the program subject to certain restrictions.

What does it mean to opt out of the program?

Opting out means that you do not want to participate in the program established by your community leaders. If you opt out you will not be enrolled in this program and you will continue to be served by the utility under the SCO or until you choose an alternative supplier.

Who is eligible to participate?

Most business and residential customers located inside the community's boundary lines that are not shopping for their own natural gas supplies are eligible.

Who would not be automatically eligible to participate?

Customers enrolled in the Percentage of Income Payment Program (PIPP), a customer who is under contract with another supplier or a mercantile customer are not automatically eligible to participate. If you would like to join the program, please contact our office to discuss.

Are there any additional fees for participating in the program?

No. There are no switching fees imposed by the utilities to participate in the program.

When will I see my new rate?

You can expect to see the new rate one to two billing cycles following your enrollment in the program. Please note; supply rates do not include taxes, delivery charges or other utility fees.

If my payments are automatically deducted from my checking, will that continue?

Yes, how you pay the utility bill will not change.

Who do I call if I have a problem with my natural gas service and who will deliver my natural gas?

Your local utility will continue to be responsible for servicing your account and responding to any disruptions in service.

I already have a deregulated supplier; can I still join the aggregation?

The information provided by the utility indicated that you did not have a supplier. However, in some instances, there may be a delay in switching notices provided by the utility to suppliers. As such, you should check with your current supplier on your ability to terminate the agreement without incurring damages. You can always join the program at a later date, under the same terms and conditions.

Is there an early termination fee for leaving the program outside of the 21 day opt-out period?

No, there is no early termination fee for leaving the program at any point in time. However, upon returning to the utility you might not be served under the same rates, terms or conditions that apply to other customers served by the utility.

I am currently on budget billing, will that continue?

How do I contact Archer if I have any additional questions?

If you have additional questions about the program, please contact us toll free at 844-795-7491 from 9:00 am to 5:00 pm Monday through Friday.
